# Can it be returned?

## Check below.

Are you not completely satisfied with your product? You can return the order to us up to 100 days after receiving your products. In the original packaging please (if reasonably possible). So just view and check the product as you would in a store. Example: Remove a box from the outer packaging and view it from all sides, but do not put a product in it that makes the box dirty.

When the product has been used just too much, we will still take it back and see what the depreciation is.
